Cutting support post / Schneiden der Stützpfosten

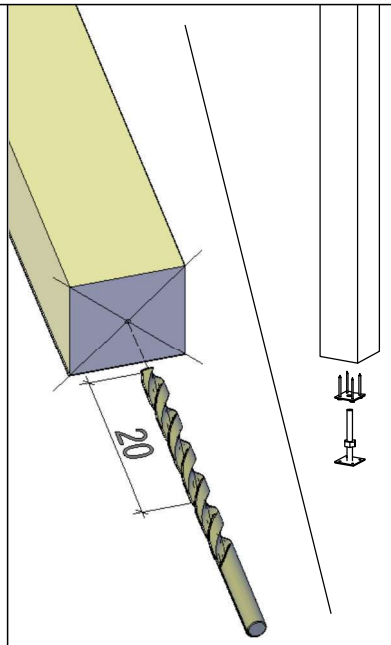

* Adjustment space for post support should be at least 50mm.
* Einstellraum für die Pfostenstütze muss mindestens 50mm sein.

* Support post has extra length for various conditions. Must be sawn to suitable length on spot considering local conditions.
* Stützpfosten hat extra Länge für verschiedene Bedienungen. Muss vor Ort unter Berücksichtigung der örtlichen Gegebenheiten zu einer geeigneten Länge gesägt werden.

* In some cases you need to drill a new hole for a post support. Find a matching drill bit.
* In einigen Fällen müssen Sie ein neues Loch für die Pfostenstütze bohren. Finden Sie hier den passenden Bohrer.

* Mark the center of the post and drill a new 20cm deep hole.
  Continue building.
* Markieren Sie die Mitte des pfostens und bohren Sie ein neues 20cm tiefes Loch. Danach mit Aufbau weiter machen.
